

Heart Screening Event – April 2023

Cardiac Risk in the Young once again visited South Hunsley School on 12th & 13th April 2023. It was great to see the team back and as always, South Hunsley School offered us free use of “The Space” for the full two days, set up for us by the caretaking team with refreshments from the catering team.

A total of 191 young people had an ECG heart tracing, with a further 6 having an additional echocardiogram scan on the day. The CRY Cardiologist in attendance (Sarran) reviewed all the ECG traces and scans and spoke with each person to discuss the results.

The April 2023 team consisted of (L-R):

Hazel (ECG); Lisa (ECG); Sarran (CRY Doctor); Jan (Echo); Jenny Loncaster; Ross Loncaster; Ralph (Driver); Sheila (ECG); Sam (Admin); Graham Loncaster. Photo taken by Mike (CRY Manager)

National CRY statistics from over 20 years of screening show that 1:100 people screened will have an irregularity with their heart and 1:300 will have a potentially life-changing condition.

The next event will be at South Hunsley School in **October 2023** and booking will hopefully be released during early September 2023 at www.testmyheart.org

Huge thanks to everybody involved.
