

October 2021

1,500th Young Person Screened by the Jamie Loncaster Memorial Fund.

During our recent two-day heart screening event held at South Hunsley School across the weekend of 16th and 17th October 2021, the fund saw its **1,500th young person** screened in Jamie's memory.

Shoshana Goldstone, a pupil of South Hunsley Sixth Form College and who also knew Jamie, was happy to join Graham & Jenny for a photo, to promote awareness of **Cardiac Risk in the Young**.

Shoshana's ECG was performed by Amna from **Cardiac Risk in the Young**. The ECG was subsequently reviewed by the CRY Cardiologist Research Fellow, Nikhil, and we are able to report that all was fine.

Photo (L-R): Amna (CRY) with Shoshana (our 1,500th screening) with Jenny & Graham Loncaster

The next scheduled screening event by Jamie's Fund is to be held in April 2021 and is open to anyone aged 14-35. It will again be held at South Hunsley School and Sixth Form College in Melton.
